Proposal Date: 2/6/13

**Ogden College of Science and Engineering  
Department of Geography and Geology  
Proposal to Revise Course Prerequisites  
(Consent Item)**

Contact Person: Margaret Crowder, Margaret.crowder@wku.edu, 5-5973

**1. Identification of course:**

- 1.1 Course prefix (subject area) and number: GEOL 311
- 1.2 Course title: General Oceanography
- 1.3 Credit hours: 3

**2. Current prerequisites:**

GEOL 102 or GEOL 111 or permission of instructor

**3. Proposed prerequisites:**

GEOL 111 and GEOL 113, or permission of instructor

**4. Rationale for the revision of prerequisites:**

GEOL 102 is being phased out in the Department of Geography and Geology. The new prerequisites better represent the prior knowledge students need to succeed in GEOL 311. In particular, the addition of the requirement of the 113 laboratory experience gives students a good foundation in mapping, contouring, and mineralogy that better prepares them for course topics such as bathymetry, solubility, and marine sediment production and distribution.

**5. Effect on completion of major/minor sequence:**

The proposed change should have no effect on completion of a major/minor sequence, as GEOL 111 and GEOL 113 are the required introductory courses for both the major and minor.

**6. Proposed term for implementation:**

Fall 2013

**7. Dates of prior committee approvals:**

**Ogden College of Science and Engineering  
Department of Geography and Geology  
Proposal to Revise Course Number  
(Consent Item)**

Contact Person: David Keeling, [david.keeling@wku.edu](mailto:david.keeling@wku.edu), 5-4555

**1. Identification of course:**

- 1.1 Current course prefix (subject area) and number: GEOG 451
- 1.2 Title: Geography of Kentucky
- 1.3 Credit hours: 3

**2. Proposed course number: GEOG 352**

- 3. Rationale for the revision of course number:** This course historically populates with teacher education students and has no geography course prerequisite. The Department is realigning many 400-level courses to 300-level status to reflect the absence of prerequisites and to prepare for possible General Education reclassification.

**4. Proposed term for implementation: 201330**

**Ogden College of Science and Engineering  
Department of Mathematics  
Proposal to Suspend a Course  
(Consent Item)**

Contact Person: Vivian Moody, [vivian.moody@wku.edu](mailto:vivian.moody@wku.edu), 745-6209

**1. Identification of course:**

- 1.1 Current course prefix (subject area) and number: MATH 509
- 1.2 Course title: History of Modern Mathematics
- 1.3 Credit hours: 3.0

**2. Rationale for the course suspension:**

A history of mathematics course is an important elective for the Master of Arts program in Mathematics. The Teacher Education Committee is currently investigating not offering 409G (History of Mathematics) as an elective for the program. However, more time is needed to investigate the feasibility of offering Math 509 in the next course rotation.

**3. Effect of course suspension on programs or other departments, if known:**

There are no known effects of this course suspension on programs or other departments.

**4. Proposed term for implementation:**

Summer 2013

**5. Dates of prior committee approvals:**

**Ogden College of Science and Engineering  
Department of Mathematics  
Proposal to Delete a Course  
(Consent Item)**

Contact Person: Vivian Moody, [vivian.moody@wku.edu](mailto:vivian.moody@wku.edu), 745-6209

**1. Identification of course:**

- 1.1 Current course prefix (subject area) and number: MATH 523
- 1.2 Course title: Topics from Geometry
- 1.3 Credit hours: 3.0

**2. Rationale for the course deletion:**

This course is an elective course in the Master of Arts program in Mathematics. Since other geometry courses in the Department of Mathematics are more beneficial and suitable for the mathematics education students who enroll in the MA program, this course has not been offered in several semesters. The Teacher Education Committee does not foresee any reason to offer this course again in the future.

**3. Effect of course deletion on programs or other departments, if known:**

Deleting this course will have minimal effect on the MA program in that it will minimize the pool of over 30 elective mathematics courses by one course.

**4. Proposed term for implementation:**

Summer 2013

**5. Dates of prior committee approvals:**
