Time-to-Completion for degrees conferred between 2017 and 2018 only included students admitted at the master's level, and subsequently it included students admitted at the bachelor's and Master's levels. This is why the years-to-completion increases over time here.

The PsyD program often admits students who have completed graduate coursework at other institutions. In the event students request to transfer course credit from a previous institution, these students should notify the program director of their intentions within two weeks of starting the program. Transfer credits will not be considered for doctoral-level classes to ensure all students complete APA accreditation requirements, attain necessary competencies, and are license-eligible upon completion of the program.
