

PLEASE READ ALL INSTRUCTIONS AND SAFETY INFORMATION BEFORE USING YOUR CARDS

How to use **COMFUEL**

1. Before inserting your cards, select the hose you want and insert the nozzle into your tank.
2. Do not turn on pump until you have carded up.
3. Insert your Fleetwide/Comfuel Card into the card reader with the magnetic stripe on top and facing to the right.
4. The card should be pushed all the way in and pulled out in one smooth motion.
5. **Put in your Driver ID# (5 digits), press Enter.**
6. Put in your Odometer Reading, press Enter.
7. Punch in the pump number you have chosen, press Enter.
8. Turn on pump by lifting the handle, Wait a few seconds for the hose to fill, squeeze nozzle and begin fueling.
9. When finished, hang up nozzle.

Safety Information:

- ABSOLUTELY NO SMOKING
- DO NOT USE CELL PHONE WHILE FUELING
- DO NOT LEAVE YOUR VEHICLE UNATTENDED WHILE FUELING

Please note where Fire Extinguishers are located at each site. Each Site is equipped with an EMERGENCY STOP button. In the event of a Spill or Fire PLEASE push EMERGENCY STOP button and call 1-800-728-2482.

If you are filling up gas cans, place the can on the ground for filling. Failure to do so could result in fire or explosion.

Please stay outside of your vehicle until pumping is complete.

Re-entering and exiting your vehicle can cause static electricity to build up and then be discharged when you touch the nozzle, which can result in fire or explosion.

Error messages:

- Check Card Orientation - Card has been inserted incorrectly.
- Error Code 117 - Using bad Driver ID#
- Product Not Allowed - Choosing the wrong pump number for the authorized product (example: Choosing diesel pump number for a card restricted to gas)
